PROFESSIONAL SUMMARY

Junior Developer with 1+ years of experience building web applications using React, JavaScript, Node.js, and MongoDB. Hands-on experience in full-stack web technologies, responsive UI design, backend integration, and workflow automation. Skilled in modern UI libraries, version control, and full-stack development workflows.

TECHNICAL SKILLS

Languages: Python, JavaScript
Frontend & Web: React.js, HTML5, CSS3, MUI, SASS, Bootstrap
Backend & DB: Node.js, Express, MongoDB
Tools & Platforms: GitHub, VS Code, n8n Automation, Canvas API

EXPERIENCE

Techonomy Analytica Private Limited — Junior Developer **Sep 2025 – Present**
Chennai

- Utilized React, Node.js, Express, and MongoDB to build full-stack web applications featuring user authentication and personalized dashboards.
- Developed responsive, user-friendly frontend interfaces using React and JavaScript.
- Implemented n8n automation workflows to integrate external services and eliminate manual tasks.

Iconix Software Solutions — Web Developer Intern **Apr 2023 – Jun 2023**
Tirunelveli

- Enhanced website visual appeal and performance using HTML, CSS, and Bootstrap.
- Improved client projects by implementing responsive card layouts, dynamic image carousels, and intuitive page navigation.

PROJECTS

Thozhil Clone Website | React.js, CSS, JavaScript, React Router

- Developed a responsive web application featuring modern UI components, job cards, swiper integration, and React Router navigation.

Mandala Design App | React.js, MUI, Canvas API

- Built an interactive mandala canvas featuring symmetry drawing logic, brush/eraser adjustments, and image download capability.

Cross-Device Drawing App | HTML5, CSS, JavaScript

- Implemented a customizable canvas tool with mouse and touch event listeners for seamless desktop and mobile use.

Notes-Taking App | React.js, Node.js, Express.js, MongoDB, Canvas API, PDF.js

- Developed an interactive canvas application that allows users to create notes by uploading PDF documents.
- Integrated mind map visualization, note management, PDF export, and document sharing features.

EDUCATION

Thamirabharani Engineering College — B.E. Computer Science & Engineering **2021 – 2025**
CGPA: 7.8

CERTIFICATION

Full-Stack Development (MERN Certification): Completed program focusing on hands-on application building with MongoDB, Express.js, React.js, and Node.js.

LEADERSHIP & ACHIEVEMENTS

- Team Leader (RYLA Club):** Led project team and received the Most Active Team Award.
- Publications:** Co-authored literary anthology.
